### DESCRIPTION

**Harmar's all new AL300F Folding Fusion Lift is the only of its kind in the industry!**

When unoccupied, the durable aluminum platform can be folded in half for an incredibly low profile, nearly eliminating rear view obstructions. One switch operation and a drive on/drive off platform make this Harmar exclusive even easier to use! With a folding, rear wheel cradle and four Q'Straint self-tensioning retractors, this lift can safely secure and carry virtually any power chair or scooter.
